Receive Report and Consider Adoption of Resolution Determining that the Proposed FY 2020/21 Capital Improvement Program and FY 2020/21 Capital Projects Budget are Consistent with the City of Fort Bragg Inland General Plan and Coastal General Plan

AGENCY: Planning Commission

MEETING DATE: May 27, 2020

PREPARED BY: S Perkins

## AGENDA ITEM SUMMARY REPORT

### TITLE:

**Receive Report and Consider Adoption of Resolution Determining that the Proposed FY 2020/21 Capital Improvement Program and FY 2020/21 Capital Projects Budget are Consistent with the City of Fort Bragg Inland General Plan and Coastal General Plan**

### ISSUE:

The Fort Bragg City Council will consider adoption of the Multi-Year Capital Improvement Program as part of the Fiscal Year (FY) 2020/21 City budget adoption process. The Capital Improvement Program (CIP) summarizes the priority capital improvement projects that the City wishes to undertake in the next five years. The CIP addresses the City's needs relating to the acquisition, expansion, and rehabilitation of long-lived facilities and infrastructure. The CIP serves as a planning instrument in conjunction with the City's General Plan and the City Council's strategic goals to identify needed capital projects and coordinate the financing and timing of improvements in a way that maximizes the return to the public. It provides a systematic approach to utilizing the City's financial resources efficiently to meet its service and facility needs. Some projects identified in the CIP are funded and some projects are as yet unfunded. The CIP serves as the "blueprint" for the future of the community and is a management and planning tool; thus, it is not a binding document, nor a commitment to a particular project nor a limitation to a particular cost. It is a basic tool for scheduling anticipated capital projects, for planning and controlling future capital financing. Attachment 1 includes the City's FY 20/21 CIP.

Attachment 2 reviews the projects the CIP has scheduled for FY 20/21 against the relevant goals, policies and programs of both the Inland General Plan and Coastal General Plan. These projects are:

1. Main Street Fire Station Rehabilitation (\$35,000)
2. CV Starr LED Lighting Project (\$102,000)
3. Water Treatment Plant Overhaul (\$1,800,000)
4. Pudding Creek Watermain Relocation (\$210,000)
5. Water Meter Replacement (\$3,000,000)
6. Collection System Condition Assessment (\$300,000)
7. South Main Street Bike and Pedestrian Improvements (\$1,330,000)
8. Maple Street and Storm Drain Rehabilitation (\$525,000)

### ANALYSIS:

Gov. Code sections 65103(c) and 65401 require that the Planning Commission make a General Plan/Coastal General Plan (General Plan) consistency determination for the CIP. The Code considerations in this matter stem from the State Government Code. In part, Government Code section 65401 states that:

*"...each governmental body...shall prepare a coordinated program of proposed public works...such coordinated program shall be submitted to the county or city planning agency for review and report to said official agency as to conformity with the adopted general plan or part thereof."*

The Planning Commission's role is not to add or delete projects from the FY 20/21 CIP, but to determine if the CIP conforms to the City's Inland and Coastal General Plan. In other words, the Planning Commission is being asked to determine whether the projects proposed in the FY 20/21 CIP are consistent with the goals and policies established in the City's General Plans.

The FY 20/21 CIP is attached, and it provides a list of all projects to address the City's needs related to maintaining and upgrading the City's infrastructure, improving safety and enhancing the City's recreational facilities.

The applicable goals and objectives from the City's Inland General Plan and Coastal General Plan which relate to individual FY 20/21 CIP projects are listed in Attachment 2, which summarizes each project in the FY 20/21 CIP and the relevant General Plan policies and programs that apply to the project.

Staff has analyzed the CIP projects as they relate to the policies and goals of the Inland General Plan and the Coastal General Plan, and has found that the proposed FY 20/21 CIP continues to address the needs of the community, and is consistent with the goals and policies of the City's General Plan and Coastal General Plan.

Additionally, based on a thorough review of the Inland General Plan, the Coastal General Plan and FY 20/21 CIP, Staff finds that the proposed FY 20/21 CIP does not directly or indirectly conflict with General Plan goals and policies, and the projects are found to be consistent with the General Plans. Furthermore, all capital improvement projects located within the Coastal Zone and meet the definition of "development" are required to obtain a Coastal Development Permit which will include a consistency analysis for each project with the Coastal General Plan. Staff has prepared a resolution for consideration by the Planning Commission which includes the relevant findings for the determination of consistency with the Inland and Coastal General Plans.

**IMPLEMENTATION/TIMEFRAMES:**

The FY 20/21 CIP will be considered for adoption by City Council in June 2020.

**RECOMMENDED ACTION:**

Adopt a Resolution (Attachment 3) determining that the Proposed FY 2020/21 Capital Improvement Program and FY 2020/21 Capital Projects Budget are consistent with the City of Fort Bragg Inland General Plan and Coastal General Plans.

**ALTERNATIVE ACTIONS:**

None

**ATTACHMENTS:**

Att. 1 – FY 20-21 CIP

Att. 2 – FY 20-21 Consistency Review

Att. 3 – FY 20-21 CIP Consistency Resolution

Relevant Inland General Plan Policies	Relevant Coastal General Plan Policies	Consistency Analysis
<p>Policy C-1.1: Balance the need of all users. The City shall balance the need to increase motor vehicle capacity with the need for complete streets that provide facilities for bicycle and pedestrian circulation and commercial viability.</p>	<p>Program C-4.1.1: Consider traffic safety, the ease and safety of pedestrian movement across Main Street, and adequacy of on-street parking as key factors in evaluation of proposed roadway improvements along Main Street.</p>	<p>The programmed street projects would add pedestrian and bicycle facilities to the west side of Main Street, providing new opportunities for multi-modal transportation. The project would help to upgrade Main Street to the "complete street" standard, and make strides in providing a comprehensive bikeway system. The Maple Street project would upgrade this roadway and provide stormwater improvements as part of that street system.</p>
<p>Policy C-1.2: Walking and bicycling shall be considered an essential and integral part of the city's circulation network.</p>	<p>Goal C-9 Make it easier and safer for people to walk in Fort Bragg.</p>	
<p>Program C.1.3.1: City street construction and re-construction projects shall provide facilities for all modes of transportation, where feasible.</p>	<p>Policy C-9.1: Provide Continuous Sidewalks: Provide a continuous system of sidewalks throughout the City.</p>	
<p>Program C1.3.2: Through the Capital Improvement Plan and related impact fees, the City shall ensure that adequate funds are provided to maintain the existing circulation network, and where feasible upgrade it to "complete street" design.</p>	<p>Policy C-9.3: Where feasible, incorporate pedestrian facilities into the design and construction of all road improvements.</p>	
<p>Goal C-3 Develop and manage a roadway system that accommodates future growth and maintains acceptable Levels of Service while considering the other policies and programs of the General Plan.</p>	<p>Program C-9.3.1: Incorporate additional sidewalks from the Noyo Bridge to Ocean View Drive in the Capital Improvement Program.</p>	
<p>Policy C-3.8 Installation of Conduit in New Roads and Road Reconstruction Projects. Conduit shall be installed in all new roads and road reconstruction projects and dedicated to the City of Fort Bragg. Conduit shall be sized to accommodate fiber optic and other telecom technologies.</p>	<p>Program C-9.4.3: Seek available funding from grants and other funding sources for the construction of sidewalks in existing developed areas.</p>	
<p>Policy C-11.1 Continuous Sidewalks: Require an uninterrupted pedestrian network of sidewalks, with continuous sidewalks along both sides of streets. New development shall provide sidewalks along project frontages to close gaps in the City's sidewalk network.</p>	<p>Policy C-9.5 Pedestrian Paths: Develop a series of continuous pedestrian walkways throughout the commercial districts and residential neighborhoods.</p>	
<p>Policy C-12.1 Comprehensive Bikeway System: Establish a comprehensive and safe system of bikeways connecting all parts of Fort Bragg.</p>	<p>Policy C-10.1 Comprehensive Bikeway System: Establish a comprehensive and safe system of bikeways connecting all parts of Fort Bragg.</p>	
<p>Policy C-12.2: Improve and expand bicycle facilities and infrastructure according to the City's Bicycle Master Plan and the Residential Streets Safety Plan recommendations.</p>	<p>Program C-10.1.2: Incorporate bicycle and pedestrian facilities into the design and construction of all road improvements as feasible.</p>	
<p>Policy C-11.2: Where feasible, incorporate pedestrian and bicycle facilities into the design and construction of all road improvements.</p>	<p>Policy OS-10.3: Emphasize Site Design and Source Control BMPs. Long-term post-construction Best Management Practices (BMPs) that protect water quality and control runoff flow shall be incorporated in the project design of development that has the potential to adversely impact water quality.</p>	
<p>Policy C-11.4 Sidewalk Design: Sidewalks should be designed, constructed and reconstructed to enhance the safety, comfort, aesthetic appeal, and interest of the pedestrian environment</p>	<p>Goal OS-11 Improve water quality through Site Design and Source Control BMPs.</p>	
	<p>Policy OS-13.1: Municipal Activities to Protect and Restore Water Quality. The City shall promote both the protection and restoration of water quality and coastal waters. Water quality degradation can result from a variety of factors, including but not limited to the introduction of pollutants, increases in runoff volume and rate, generation of non-stormwater runoff, and alteration of physical, chemical, or biological features of the landscape</p>	

<p>Policy C-11.5 Pedestrian Paths: Develop a series of continuous pedestrian and multi-use walkways throughout the commercial districts and residential neighborhoods.</p> <p>Program C-12.2.8: Utilize dedications, grant funding, traffic impact fees, and other means, as appropriate, to acquire rights-of-way needed for a comprehensive bikeway system as described in the Bicycle Master Plan.</p> <p>Policy C-12.8: Improve continuity and connections between the City's bike facilities and those of the County and State.</p> <p>Policy OS-6.1 Pollution in Runoff: Ensure protection of water resources from pollution and sedimentation.</p> <p>Program OS-6.5.2: BMPS for Municipal Maintenance Activities. The City shall ensure that municipal maintenance activities and other public projects integrate appropriate BMPs to protect water quality.</p>	<p>Program OS-13.1.2: BMPS for Municipal Maintenance Activities. The City shall ensure that municipal maintenance activities and other public projects not requiring a Coastal Development Permit also integrate appropriate BMPs to protect water quality and coastal waters.</p> <p>Policy OS-14.1: Minimize Polluted Runoff and Pollution from Construction. All development shall minimize erosion, sedimentation, and the discharge of other polluted runoff (e.g., chemicals, vehicle fluids, concrete truck wash-out, and litter) from construction activities, to the extent feasible.</p>

## RESOLUTION NO. *PC XX-2020*

### RESOLUTION OF THE FORT BRAGG PLANNING COMMISSION DETERMINING THAT THE PROPOSED FY 2020/21 CAPITAL IMPROVEMENT PROGRAM AND FY 2020/21 CAPITAL PROJECTS BUDGET ARE CONSISTENT WITH THE CITY OF FORT BRAGG INLAND GENERAL PLAN AND COASTAL GENERAL PLAN

**WHEREAS**, pursuant to the State of California Government Code Sections 65103(c) and 65401, the proposed CIP must be consistent with the City's adopted General Plan and the Planning Commission is the hearing body designated to make that determination; and

**WHEREAS**, the CIP compliance review with the General Plan is not considered a project under the California Environmental Quality Act (CEQA); therefore, it is not subject to CEQA review; and

**WHEREAS**, individual CIP projects will be subject to review for compliance with CEQA prior to City Council authorization for construction bids on respective projects; and

**WHEREAS**, on May 27, 2020, the Planning Commission held a meeting to consider whether or not the proposed FY 2020/21 CIP is consistent with the General Plan and the Coastal General Plan; and

**WHEREAS**, based on all the evidence presented in the FY 2020/21 CIP Consistency Review, the Planning Commission finds as follows:

1. Based on the information and findings included in the staff report, attachments, minutes and all other records of the proceedings, which are attached hereto and made a part thereof by reference, the Planning Commission hereby finds that the City's FY 2020/21 Capital Improvement Plan (CIP) is consistent with the goals and policies of the City of Fort Bragg Inland General Plan and the Fort Bragg Coastal General Plan.

**NOW, THEREFORE, BE IT RESOLVED** that the Planning Commission of the City of Fort Bragg does hereby find that the Capital Improvement Program is consistent with the City of Fort Bragg General Plan and Coastal General Plan.

**The above and foregoing Resolution was introduced by Planning Commissioner \_\_\_\_\_, seconded by Planning Commission \_\_\_\_\_, and passed as amended and adopted at a regular meeting of the Planning Commission of the City of Fort Bragg held on the 27th day of May, 2020, by the following vote:**
