

Sample Plot Plan – Building Permit Application

Plot Plan Directions - Illustrate the following in your site plan

1. North arrow
2. The project parcel shape and dimensions
3. Streets (with name), sidewalks, paved and graveled areas
4. All proposed & existing buildings, building use, building distance to property lines & other buildings. Illustrate additions with dotted lines, place an X through buildings slated for demolition.
5. All driveways & parking (with dimensions), identify existing & proposed.
6. Location of utility lines (sewer & water), both existing and proposed.
7. Landscaping areas, including the size and species of all trees. Label each tree to be removed with an "X" through it.
8. Storm water flows (illustrate slope with arrows) and all bioswales and other stormwater retention features.
9. Propane tanks, sheds, accessory structures
