WHEREAS, on April 21, 2021, Governor Newsom declared a state of emergency in Mendocino County due to drought conditions; and

WHEREAS, based on all the evidence presented, the City Council finds as follows:

1. Fort Bragg Municipal Code Section 14.06.020 sets forth the five water conservation stages for the City of Fort Bragg and provides the City Manager with the authority to determine the appropriate water conservation stage and mandatory water restrictions.

2. The City Manager has considered the record low current water flows in the City's three surface water sources; the short-term and long-term weather forecasts with no measurable rainfall; the lack of other available potable and nonpotable water sources; drought conditions in the surrounding counties and states; and the need to ensure continued reduction of seasonal water demand by 10-20%.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Fort Bragg does hereby declare a Stage 2 Water Warning pursuant to Chapter 14.06 of the Fort Bragg Municipal Code and requires implementation of Stage 2 Water Conservation Measures, as set forth in Fort Bragg Municipal Code section 14.06.050 B.
