Message from the City Manager

Message from the City Manager:

The Fort Bragg Police Department plays a central role in protecting and enhancing the quality of life in our community. On a daily basis, our police officers work diligently to ensure that Fort Bragg remains safe. They are responsible for even-handedly enforcing the laws and promptly dealing with calls for service. Fort Bragg is a small town with a small police force and, consequently, all of our officers are required to perform a complex array of tasks. Our officers respond to accidents and emergencies, investigate crimes, patrol the streets, respond to complaints, work with local youth, and collaborate with the many agencies and institutions that serve our community.

A police officer's work is incredibly challenging. Fort Bragg's police officers contend with difficult and demanding situations every day, whether responding to a traffic accident, intervening in a domestic dispute, or investigating a serious crime. Our officers are well-trained, hard-working, and dedicated to serving the citizens of Fort Bragg. They have earned the strong support of the Fort Bragg City Council, the City Manager, fellow City employees, and a broad cross-section of our community.

This annual report summarizes the accomplishments of the Fort Bragg Police Department over the past year. It serves as a testament to the exceptional work performed by the Fort Bragg Police Department's sworn officers and non-sworn personnel. Our community is fortunate to have such a talented and committed police force.

Sincerely,

A handwritten signature in blue ink that reads "Linda Ruffing".

Linda Ruffing, Fort Bragg City Manager

Message from the Chief of Police

Message from the Chief of Police:

Calendar year 2016 saw a lot of incentives and programs established and brought back. We were able to implement a K-9 Unit with the assistance of the Mendocino County Public Safety Foundation, and now have two dogs and their handlers fully trained and operational at our disposal. Using Asset Forfeiture funds, the Emergency Operations Center was refurbished into a working Command Center with work stations for every essential function during a crisis. Asset Forfeiture also allowed us to purchase three Electric Motorcycles. We are using these to help us patrol the coastal trails as well as City streets. The motorcycles were purchased because they allow us to respond quickly to town if we're out on the trails, as well as being environmentally safe and friendly. We submitted and were subsequently awarded a grant from the Department of Justice to purchase Body Worn Cameras. 2017 will see full implementation of this program. The Department obtained a Drone for use during Search and Rescue off our bluffs as well as monitoring the trails and for use at community events. Also, during 2016 we re-established the Cadet Program which saw 10 of our youths complete the basic training and have started working with our officers at community events throughout the City. Two of our officers successfully completed training to be members of the Regional County SWAT team and have participated in many callouts.

Throughout the implementation of these programs, members of the Department have continued to give service to the community in a more effective manner in order to improve the quality of life of all our residents. We have committed and dedicated officers and support personnel that are willing and able to help any of our residents in need of service.

The year 2016 was a tumultuous and turbulent time for those of us in law enforcement. While Police Agencies across the State and the Country saw a slew of anti-police sentiment, the members of the Fort Bragg community continually expressed their support and appreciation of the members of the Fort Bragg Police Department. Every one of us is grateful and recognize our duty to continue to give our residents the police service they have come to expect and deserve.

From top to bottom, the members of the Fort Bragg Police Department will continue to take on challenges, work hard and establish more partnerships with you, our community, to ensure the best quality of life possible for all of the Fort Bragg Community.

Sincerely,

Fabian E. Lizarraga

Program and Personnel Review

Parking Enforcement:

Local community member Valerie Thornton was chosen as the top candidate for the seasonal temporary Parking Enforcement Officer for 2016. Valerie was chosen for several reasons, but some of her stronger hiring attributes were her deeply rooted family ties to the community and a strong knowledge of the streets and geography of Fort Bragg. Valerie began training on May 18, 2016, and began performing the duties of parking enforcement just a couple weeks later. The position continued until October 2016, once the weather had changed dramatically and the numbers of visitors to the coast had tapered off. Valerie did an excellent job of performing the duties and representing the Police Department and City of Fort Bragg overall. Valerie was encouraged to maintain her connection with the Police Department during the winter months, with the possibility of returning for the 2017 spring/summer season, and continuing with the position of Seasonal Parking Enforcement Attendant.

Program and Personnel Review

E-Motorcycle Program:

With the expansion of the Coastal Trail project and increased demand for more routine patrol in City parks, streets and alleys, a recommendation to deploy officers on motorcycles was made. With approval from administration, research began to identify the most suitable equipment to satisfy the needs of the Department and make an appealing impression to the community. Zero Electric Motorcycles were chosen and the Department purchased three of fully-equipped, environmentally-friendly and economical units. The motorcycle units were initially deployed and debuted during the City's Coastal Trail Celebration in May 2016. The e-motorcycles have been a big success, and have captured the interest and attention of numerous citizens and visitors. Three officers were selected to operate the e-motorcycles, and after being sent to a rigorous training session, each of the officers was assigned an e-motorcycle which has been utilized to perform their duties at various times throughout the remainder of the drier months of 2016.

Program and Personnel Review

Police Cadet Program:

The Fort Bragg Police Cadet Program was resurrected and implemented thanks to the untiring efforts of Officer Thomas O'Neal. When tasked with the challenge of preparing and launching the Cadet Program, Officer O'Neal set out to recruit and enlist youth from all over the community. The Cadet Program launched in October of 2016, and training was conducted for four consecutive Sundays. The first phase of training was completed just before the holiday season. The Cadet Program was then scheduled to continue with more training and activity after the start of the 2017 year. The program began with 12 cadets, and has sustained 10 cadets through the completion of the first phase.

Program and Personnel Review

Fleet Update:

In 2016, the Police Department continued to update its somewhat antiquated fleet. Two new marked Police Interceptor SUVs were added to its patrol fleet, along with new unmarked Interceptor SUV's for the Police Chief and Police Lieutenant. In addition to the SUVs, the Department took advantage of some surplus sedan vehicles that the fleet provider had in their inventory. Two Ford Taurus Police Interceptors were purchased to supplement the Community Service Officer vehicle pool, and the Department's regular unmarked vehicle pool. All of these vehicles were added to the Police Department fleet to replace several vehicles that were in excess of 10 years old.

Program and Personnel Review

Newly Hired Employees:

Community Service Officer Crystal Rowley successfully completed the testing and hiring phases of employment and began formal Field Training in October of 2016. CSO Rowley is another locally-recruited Department member who has shown interest in the law enforcement profession for several years. Upon successful completion of Field Training, CSO Rowley became the third Community Service Officer for the Police Department. Police Officer Michael Herringshaw came to the Fort Bragg Police Department from the Lake County area. Officer Herringshaw completed the Santa Rosa Law Enforcement earlier in 2016.

Program and Personnel Review

Drone Program:

In 2016, the Police Department purchased a quad-copter style drone. The drone's primary intended purposes are: disaster preparedness and response, search and rescue, and public events. The drone was deployed at various events throughout the year and assisted in surveying the damage to city property when the Pudding Creek Dam suffered damage due to flooding.

Program and Personnel Review

SWAT:

In May of 2016, Officer Wesley Rafanan and Officer Anthony Melendez tested for the Mendocino County multi-agency Special Weapons and Tactics (S.W.A.T.) Team. Both Officers did very well on the test which included an assessment of their physical ability and their shooting ability. Officer Rafanan had previously been on the team and attended S.W.A.T. training. Officer Melendez, a new addition to the team, will attend S.W.A.T. training as soon as possible. Updated equipment including weapons has been procured for the team members and they are actively participating in monthly training. In their short time on the team, they have already been involved in several high risk operations, including a barricaded gunman.

Program and Personnel Review

CANINE PROGRAM:

The Fort Bragg Police Department had a busy year and brought back some exciting programs to the Department. The Police K9 program was instituted in early February. Funding was obtained through the Mendocino County Public Safety Foundation. Once the funding was secured and a K9 was located at CJ's Police K9s, a selection process was conducted to find a K9 handler. Officer Brandon McGregor was selected as the new K9 handler. The Department purchased K9 Takoda in early February and Officer McGregor set off to K9 handler school. Sergeant Andrew Kendl was selected as the K9 program manager/supervisor. Sergeant Kendl was sent to K9 Program Management School in March.

After completing K9 School, Officer McGregor and Takoda were ready to be deployed. In the very first week, Officer McGregor and Takoda were called upon to help locate a fleeing felon. Within minutes of arrival, K9 Takoda located the suspect hiding in the bushes.

With the success of the re-implementing of the K9 program, Chief Lizarraga and Lieutenant Gilchrist moved forward with adding a second K9 team. Sergeant Kendl contacted the Mendocino County Public Safety Foundation and they generously funded a second K9 team. Shortly after the approval, K9 Maverick was purchased and assigned to Sergeant Kendl.

Both K9 teams are active in the community, conducting foot patrols and K9 demonstrations at the school and local events. Both K9 teams are very friendly and are willing to meet new people.
