RESOLUTION OF THE FORT BRAGG CITY COUNCIL ADOPTING A LIST OF PROJECTS FOR FISCAL YEAR 2022-23 FUNDED BY SB 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017), was passed by the Legislature and signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of our City are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City will receive an estimated \$168,886 in RMRA funding in Fiscal Year 2022-23 from SB 1; and

WHEREAS, this is the sixth year in which the City is receiving SB 1 funding which will enable the City to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City uses the Traffic Modification Requests and service requests submitted through the "Report-a-Streets" problem portal of the website received from citizens and approved by the Traffic Committee throughout the year to develop the SB 1 project locations to ensure revenues are being used on the projects that are high priority for our community; and

WHEREAS, the funding from SB 1 will help the City focus on the general maintenance and rehabilitation needs citywide; and

WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that the City's streets and roads are in fair condition and this revenue will help us sustain the overall fair quality of our road system over the next decade; and

WHEREAS, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety will have significant positive impact on the City's ability to procure equipment and materials for road maintenance work performed by Public Works staff.

Project Title: PP01-2022. Street and Alley Pavement Maintenance

Estimated Project Useful Life: Depending on Materials used and existing pavement conditions, project benefits will last two to ten years.

Project Title: PP02-2022. Sub-Surface Storm Drainage Maintenance and Repairs

Project Description: Procurement of RMRA Eligible Public Works Equipment, Stormdrain Maintenance and Rehab Materials, and Public Works Staffing to perform sub-surface drainage facilities and repair overlying pavement.
