Integrated Pest Management Plan- Annual Report

DATE: July 09, 2021

SUBJECT: 2020-2021 Annual IPMP Report

No regulated pesticides/herbicides were used on City property during this reporting period, from July 1, 2020 to June 30, 2021.

- The City's Integrated Pest Management Plan (IPMP) requires the use of only approved Reduced-Risk Pesticides on City owned property unless a Use Exemption is granted by the Public Works Director.
 - City Maintenance Crews have periodically applied horticultural vinegar but it is not a regulated chemical, so no logging or reporting is needed.
 - No exemptions have been requested or granted to date, so the Pest Exemption Request Form and the Pesticide Application Log is intentionally blank.

- A training log is attached on page 2.

- There have been no updates to the IPMP. All the details about the existing approved version of the Integrated Pest Management Plan can be viewed on the City's website here: <https://city.fortbragg.com/710/Integrated-Pest-Management> and the resulting municipal codes (ordinances) from this action are here:
 - 6.10.010 WEED ABATEMENT PROCEDURES
<https://www.codepublishing.com/CA/FortBragg/#!/FortBragg06/FortBragg0610.html#6.10.010>; and
 - 6.11 INTEGRATED PEST MANAGEMENT
<https://www.codepublishing.com/CA/FortBragg/#!/FortBragg06/FortBragg0611.html#6.11.010>

Questions about this report can be directed to Chantell O'Neal; Assistant Director Engineering at (707) 961-2823 Ext. 133 or by emailing coneal@fortbragg.com.
